

Twitter Cz MEPs for 20st January Plenary Vote

Twitter

With the upcoming @EP_AnimalTran plenary vote, we are asking MEPs to call for a thorough revision of the transport regulation and make strong recommendations to @EU_Commission.

It's time to #StopLiveTransport for good, the EU must act to protect animals. EU 🚚 ✖

Every year, over a billion animals suffer from being transported alive throughout Europe.

We must #StopLiveTransport to protect animals from injury, exhaustion, and even death in trucks and vessels.

@EP_AnimalTran MEPs: Call for a thorough revision of the transport regulation!

As part of the @EP_AnimalTran revision of the transport regulation, we call for the EU to #BanLiveExport.

No animal should spend hours, days, weeks or even months in trucks or on vessels.

This must be replaced with export of meat & carcasses to non-EU countries.

ANIT Committee @EP_AnimalTran in numbers:

2 years of work

10 public hearings

14 individual hearing

4th inquiry approved in the history of @Europarl_EN

1st inquiry on #AnimalWelfare

MEPs: Make it count! Call for a thorough revision of the transport regulation.

#ANIT Committee MEPs: The upcoming @EP_AnimalTran plenary vote is the chance to #StopLiveTransport.

We call for refinement, reduction and ultimately replacement of all live animal transport.

Read our full recommendations bit.ly/TransportWhitePaper

We call on @EP_AnimalTran MEPs to make strong recommendations to @EU_Commission on revising the transport regulation. #StopLiveTransport

- Introduce maximum journey times
- Prohibit the transport of unweaned + pregnant animals
- Introduce species-specific requirements
